

Dirty Little Monkeys

The Legend of Balinese DonMu – Book One (Part II of III) – Chapter 27

... the five of us watched as Mama'san and her two Trainees parrot-stomped their way out onto the southern verandah, all the way over to the edge of the marble balustrade, placed their hands on the railing and stared out at the chaotic scene of Karen, Beehive and Lil' Shmoogy all yelling and screaming and fighting and causing all kinds of other problems when Mama'san gave off a quick grunt and raised her bullhorn right up to her mouth.

"What going on here!!" She roared out.

Karen turned around first. "This is bullshit! The people in charge don't know what the hell they're doing. Everything's all fucked up and we should be the ones in charge just to get things done right."

"Yeah, this is total bullshit!" Lil' Shmoogy cried out too. "They don't know what the fuck they're doing!"

"What you talking about?" Mama'san stared right back at them. "You both dirty little Level 1 workers. You know nothing!"

Beehive now turned around. "That's offensive. You don't call people dirty and little. It's dehumanizing."

"What *you* talking about?" Mama'san barked back. "You dirty little Level 1 worker too! You ALL dirty little Level 1 workers. Dirty little Mudbugs!!"

Lil' Shmoogy reared around. "Did you just call me a fuckin' Mudbug?!" Tossing her rice sickle on the ground.

Uh oh.

Mama'san looked right at her. With her piercing North Korean eyes. Staring directly at her. Eyes locked-in. "You worse than Mudbug! ... You more like ... Monkey!! A dirty little no-good monkey! ... all three of you ... dirty little no-good monkeys!!"

Lil Shmoogy's jaw dropped. Beehive looked on horrified too. Even us in the secret control room – knowing that Mama'san probably had no idea what she was saying was over-the-top racist – were genuinely shocked by the comparison.

Oh crap.

"What the fuck'd you just call me?!" Lil' Shmoogy snapped back. "Did you just call me a fucking monkey?!"

Mama'san glared right at her. Not even blinking. Staring directly at her. Unflinching. "Monkeys always take! Never give anything back. No contribute nothing. Always just ransacking and making mess. Like you dirty little monkeys. Always scheming and manipulating. Take advantage of others. Flinging poo around like own poo no stink. When it does. Monkey always think they poo smells the best!"

Deebag snickered in the background while Karen scowled over at him.

"Shut the fuck up Dirk! You don't know shit. You're more racist than she is."

Mama'san looked right at him. "What you laugh at Deebag? You think that funny? You worse than all of them. You like lion!"

"Oh Jesus!" Lil' Shmoogy threw her hands in the air. "You've got to be kidding me?! You call the white guy a lion? Yeah, that figures you fucking racist!"

Mama'san yelled back. "What you talk about. Lion worse than all of them. Even monkey. Cause lion take everything for self. Never share. And take female lions as sex slaves. Have harem. And make them all do hunting for him. While he lies on ground and sleeps. So lazy. Make everyone else do work for him and kill other male lions who come near him and try to take sex slaves. Only cause he stronger. Without strength he is nothing. Worst animal of all!"

At this point it was getting pretty out of control and I felt like something had to be done about it.

"Lakeisha?!" I said turning to her and noticing her jaw halfway to the floor.

"On it." She answered without missing a beat and hurried out of the secret control room while Olof and Wing were both in hysterics falling halfway out of their chairs.

I thought about looking over at Indah but didn't know if I wanted to see that expression right now.

"You all need to be like ants!" Mama'san continued. "Cause they all work together. For community. And greater good. You ever see ants fighting amongst selves? No, cause they work together. Not like you greedy little monkeys. Always plotting and manipulating."

"You can't go around calling people monkeys, Mudbugs and ants, it's racist." Beehive spoke up.

"Quiet monkey!"

Wing giggled. "She like angry dragon."

"At least Mudbugs know their place." Mama'san continued. "And willing to learn. You all think you better than everyone. And no want to learn. Like selfish little monkeys!"

She then spotted Hippie Jon in the background doing something productive and seemed impressed. "You see Hippie Jon over there?" Now pointing over at him. "You see how he work?" Then put her bullhorn right up to her mouth and her tone quickly changed back to sweet and sensual.

"Ohhhh, Hippie Jon." She now purred through her bullhorn. "Look at you working like big strong worker ant. Providing for community and not just self. So sexy. Maybe you come over and teach dirty little monkeys how to work properly."

"You need to stop calling people monkeys, Mudbugs and ants!" Beehive shouted. "It's incredibly offensive."

"Your work offensive!" Mama'san yelled back.

"You need to be better." Beehive stomped their foot on the ground.

"Huh?!" Mama'san now stopped. And looked curiously at them. Utterly perplexed by that last comment. "What you mean?"

"You just need to ... *be better* ... and ... *do better*." They said again proudly.

“*You* need to be better ... better at work!” Mama’san barked back. “And life! ... That’s why you dirty little Level One worker!”

Lakeisha finally entered the screen ... *Oh thank God!*

“Ok everyone. Listen up.” She spoke out to the group. “Everyone just needs to calm down here. Let’s all just calm down and take deep breaths.” Then leaned over to Mama’san and whispered something in her ear. To which Mama’san looked back at her, politely nodded, and turned back to Karen and the others and put her bullhorn back to her mouth. “I’ll be back!!” She roared then parrot-marched off with her two little Trainees.

“Now.” Lakeisha said turning back around to face everybody. “Tell me what’s going on around here?”

“It was horrible! Just horrible!” Beehive cried out. “I mean the humanity of it all!” Now really selling it. “She was calling everybody monkeys and Mudbugs and ants, and being racist and offensive, and causing micro-aggressions! I’m so triggered and traumatized right now that I don’t even know what to do!” Wailing away.

“That bitch called me a fucking monkey!” Lil’ Shmoogy cried out. “I oughta sue that racist old bat!”

Karen yelled out too. “Yeah, this is total bullshit! Everyone’s all racist around here and offending everyone, and now Dirk is over there trying to bang all those crazy cult chicks and form his own cult.”

“I’m talking about the incident with Mama’san?” Lakeisha said.

“Oh.” Karen pondered that a moment. “That bitch called me a monkey too!”

“I’m so offended right now that I can’t even work anymore. I need to go heal!” Beehive cried out.

“Yeah, fuck this shit. I need to go heal too!” Lil’ Shmoogy shouted out and threw her rice sickle on the ground as well.

“Yeah, me too.” Karen said throwing her rice sickle down as Beehive looked at her sideways.

“Ummmm ... why do you need to go heal?”

“Ummmm ... why the hell do you think?” Karen snapped back.

“I don’t know ... why?” Beehive said.

“Because that bitch called me a monkey.”

“Yeah, but you’re white. So you shouldn’t get offended by being called a monkey.”

“Yeah, well your Asian.”

“So?” Beehive looked offended again. “What the hell’s that supposed to mean?”

“It’s supposed to mean that monkeys only refer to black people.”

“What’d the fuck you just say?!” Lil’ Shmoogy reared around.

Oh shit. I thought as I looked over at Olof and Wing who both had their mouths wide open too.

This isn’t gonna be good.

We could see Lakeisha just standing there. Staring at them. Shaking her head in utter disbelief.

Karen then looked around all confused. “Whaaaaaat????” Saying it almost desperately. “I’m only saying that word is offensive to black people because white people used to call them ...”

“Bitch! You’d better watch what the fuck you say next!”

“Whaaaaaat?” Even more confused now. “I’m not saying that word myself. I’m only saying what *used* to be said ... Jesus, can’t we even talk about it?”

“No bitch! No we fucking can’t talk about it!” Lil’ Shmoogy reared up. “I don’t frickin’ know you, so muthafuckin’ no we can’t talk about it you skanky-ass ho. I oughta slap the white off your ass.”

Karen now looked over at Beehive. To possibly help her out here. Only Beehive seemed to have turned on her too.

“Ummmm ... you just said that on camera. You just fucked up. And you are now a racist. It is now official. So obviously I can’t be associated with someone like you – and you know what – I always suspected you were a racist too. And now it’s proven to be true. So you are now exposed. For the whole world to see. And you need to be cancelled.”

“Oh fuck you, you persnickety little bitch!” Karen shot back. “You’re so full of shit. You’re the fakest one of all. Going around saying how you’re all transitioning and gender fluid and shit, when I know for a fact you’re not.”

“Oh my God! She’s getting aggressive!” Beehive looked horrified and started talking in different octaves again. “Micro-aggressions!”

“You and your little gay boys used to say all the time how vaginas are the grossest things in the world and look like disgusting little alien clams. So fuck you Bobahn, or Bob, or whatever the fuck your real name is!”

“Oh my God! She just dead-named me! You all heard it. That was on camera. She’s hostile. And I will not tolerate this type of abuse. And language! You all saw her verbally assault me. And bully me. I am so triggered now.”

We then saw Hippie Jon start to walk up to them.

Oooooohhh, don’t do it Hippie Jon ... don’t do it.

“Hi ladies, if I could just interject a moment and share a little tip I learned from my days back at PBS ...”

“Shut the fuck up Hippie Jon!” Karen snapped back. “No one gives a shit about your days at PBS or what the fuck you did a million fucking years ago ... so take your little fanny-pack and the dead rat glued to the back of your head and get your ass back over to your little Nazi buddy where you belong!”

We waited for Gunther to say he swears he’s not a Nazi but Karen didn’t really have time for that now.

“And you!” She reared back over at Beehive. Glaring right at them. “Who the hell ‘discovers’ they’re transitioning at 30 years old. I mean, puhhhhleeeeeeaze. You don’t think the only reason you’re doing it is because it’s all of a sudden trendy and popular? I’ll bet you anything in 3yrs from now you still have a penis only one that’s more wrinkled and riddled with AIDS.”

“Oh My God!!” Beehive was taken aback. “Transphobic!! Transphobic!!”

Lakeisha stepped in. “Ok everyone, we all need to calm down here. Let’s all just calm down and take deep breaths.” Then pointed at Beehive and Lil’ Shmoogy. “You and you come with me.”

“What about me?” Karen yelled back as she watched Beehive and Lil’ Shmoogy walk off to go heal.

“What about you?”

“I was called a monkey too.”

Lakeisha looked back at her. Pausing a second. “Yeah, well you’re white.”

“So?”

“So they’re minorities.”

“That’s total bullshit. I was called the exact same word so I can sue you just as well.”

“Yeah ... well ... maybe you can and maybe you can’t but I doubt it so good luck with that.”
Then shrugged and walked off.

“Aaaiihhhhh!!!” Karen yelled out. Kicking the ground and throwing her rice sickle down as Lakeisha, Beehive and Lil’ Shmoogy all walked off to go heal. “That’s fucking bullshit! ... I was called a monkey too!!”
