

LC Thailand Story

The Legend of Balinese DonMu – Book One (Part I of III) – Chapter 10

“... but they’re both such sweethearts and really helped me out a lot when I first got here. Olof’s been like a big brother to me always looking out for me and protecting me while the Lil’ Winger’s just my really good friend who also looks out for me and protects me. I mean when I first got here, I was still pretty messed up, I still had a lot of lingering issues from all the drugs and hormones they’d put into my body.”

“Huh?” I said looking at them confused, staring right at them with my head half-cocked to the side and face all scrunched up.

LC now gave me a new expression back. One that was a bit more reflective and revealing. Appearing to be a bit more serious now.

“My family was really poor growing up in northern Thailand and my father sold me into sex slavery when I was 14yrs old ... *Holy crap!* ... and I was taken down to Bangkok in a van for breast augmentation surgery, hormone treatments, puberty blockers and all that other stuff to become a Ladyboy.”

Oh my frickin’ God. My jaw went to the floor. I didn’t know what to say. *Jesus H. Christ, how do you respond to something like that?*

“Oh my God, that’s frickin’ horrible!” I said with my eyes wide open. “I’m so sorry that happened to you. Jesus H. Christ, who the hell would do that to their own child?”

“Yeah, thanks.” She answered back. “But it’s ok ... I mean ... it was pretty rough at first but I’ve actually had some really great support around here so that’s been a huge help.”

I just sat there dumbfounded. Shocked. Horrified to hear that. I mean I knew sex-trafficking and sex-slavery existed in the world – unfortunately in many, many places – as I’d certainly heard quite a few stories about it. But this was probably the worst one I’d ever heard. Where they would literally buy-up young boys from poor farming villages in northern Thailand to take down to Bangkok to turn into Ladyboys. It’s literally the worst thing I’ve ever heard before in my life. And I couldn’t even imagine having to go through something like that myself. And tried to put myself in LC’s shoes. To see their side of things. And their perspective of being a poor little boy out there in the rural parts of Thailand. Out in the farms and fields. Playing around with my friends. Having a good time. Then all of a sudden one of your friends looks out in the distance, gives off a puzzled expression, and says, “Dude, what’s that?”

And you look out there too.

“What’s what?”

“Is that your Dad down there talking to the weird guy in the panel van and holding a bunch of cash?”

And you squint down there too. “Yeeaaaah.” Getting a bit confused.

“Oooooohhhh shit, dude ... Ooohhhh shit!”

And your eyes get wide. “Oh shit what? What do you mean oh shit?!”

“Oh dude, you’re fucked!!!”

“Huh?! What are you talking about?!”

“Oh dude, you’re fucked. You are so fucked. And now your dad is pointing up here at you. Oh shit, you are so fucked dude!!”

And you look at him even more bewildered and nervous now.

“What do you mean I’m so fucked?!”

“That’s the Tran-Van!”

“The what?!”

“The Tran-Van from Bangkok. The van that drives all around northern Thailand buying up little boys and taking them down to Bangkok to turn into Ladyboys. Your dad just sold you to the trannie factory dude! He just totally fucked you. Your dad just totally fucked you! Now they’re going to inject you with hormones, slap some fake tits on you, and let old white men bang you for money!”

Now your eyes get really wide. “Wait, whaaaattt?!?!” Getting completely panicked. “I don’t want old white men to bang me for money!”

“Yeah, no shit dude! And you probably won’t even get a cut of that either ... not to mention you’re not even gay!”

Now your eyes get completely wide.

“Oh, Dude!! RUN!! RUN!!!!”

That stuff really happens. And it’s barbaric.

Thankfully there are many great organizations in Thailand you can donate to that are really doing a tremendous job of helping curb this criminal and horrific problem. Such as the Hands of Hope Foundation, the HUG Project, and Destiny Rescue. (hohfoundation.org, hugproject.org, destinyrescue.org). Where every single dollar does really help and make a difference. And might just help balance out any horrible karma you might have. Who knows?
