

DD Smooove & Elon Musk Scene

The Legend of Balinese DonMu – Book One (Part III of III) – Epilogue

“Ok then ... get me the Director on the phone. The Big Dog. The Boss Man. Gotta see what he wants us to do. Clear this shit up.”

“Ummmm yes sir ... but ... the Director just called here sir ... looking for you. But is now on the other line talking with the U.S. Embassy officer still up at the hotel getting an update from him and says he will call you back as soon as he gets off the phone with him.”

“Ok cool. No worries. Get me Muskrat on the phone then.”

“Ummmm ... I don’t think Mr. Musk likes being called that sir.”

“I don’t give a fuck what he likes being called. I’m the muthafuckin’ Deputy Director of the CIA. I call people what the fuck I want.”

“Yes sir!”

Intern A then grabs the phone sitting on the main conference-room table in front of him, hits the 3rd position on the speed dial, waits about 5 seconds, then a voice on the other end picks up.

“Hello, this is Elon.”

“Yo, whattup Muskrat!” DD Smooove says nodding his head up and down.

There was a prolonged ... *Uggghhhhh* ... through the speakerphone.

“How many times do I have to tell you to stop calling me that?”

“Shit Muskie! You know I’m just playing with ya big dog.”

“Uggghhh ... ok fine.” Groaning again. “What do you want now Deputy Director Smooove?”

“Well shit Muskie, I got some muthafuckin’ good news for you.”

“Oh, you do huh. Ok, what’s that?”

“You can put down all your AI, space rockets, and sex robot shit cause that portal shit might be real.”

“Ummmm ... I don’t make sex robots.”

“Oh, yeah riiiiigggggghhhh ... uh huh ... you still keeping that shit on the DL, huh Muskie? Don’t want people finding out about that pervy little shit you’re doing huh? Well, don’t worry about it big dog, you know you’re secret’s safe with me as long as you give me one those beta-models to test-drive out first. Like one of those big-ass white bitches from the deep-south with those sexy-ass accents. Make her my sex slave and shit. Have her cooking my dinner and taking out my trash ... and yelling at me when she catches me tapping other robot ass. Awww, hell yeah, Muskie!”

There was another prolonged groan through the speaker phone.

“Can we please get back on topic?”

“Shit, no worries, Muskie. As I was saying ... all that Ancient Alien shit you love so much ... about caves and portals ... and teleporting crackas all over the place ... to other dimensions ... or consciousness’s ... or whatever the fuck it is. Well, that shit just might be real.”

“Uhhmmmm ... yeah, I’m gonna need a little more.”

“That Project-Alpha we told you about. From 1947. After that Roswell crash. When we found those aliens and tossed ‘em in that Area 51. And now they’re all like tied up in there ... as our sex slaves and shit.”

“Yeeaaahhhh, I still don’t know what you’re talking about.”

“The ones that got torture-banged by the Illuminati. And told us about those caves – from around the world – all being connected and shit. Like those pyramids being power plants. Connected by Ley Lines and shit. Well, some hippie muthafucka just popped out of our cave in the Peruvian jungle, all announcing himself and shit, but two-seconds before that he was in muthafuckin’ Bali, Indonesia.”

“Oh, really?”

“Oooohhhhhh yeeaaah. That cracka done tripped our motion detector so his ass is all on camera and shit. But we don’t know what the hell got him there in the first place. I mean, we’ve probably tossed a hundred crackas in that cave trying to portal their asses all over the place and none of ‘em ever did shit. So we don’t know what the hell caused it to work this time. And your ass has gotta figure that out.”

“Oh, I do, huh?”

“Oh, hell yeah you do.”

“Oh, really??”

“Don’t be playing with me Muskie. You wanna keep running your AI, Neuralink and sex robot shit, don’t ya? Cause if you do ... and you don’t want us to just come over there in the middle of the night and just snatch that shit from ya ... and fuck you up ... and make you disappear and shit ... then yeah, ya pretty much do.”

“You don’t scare me.”

“Oh, I don’t huh?” DD Smooove starts laughing and nodding his head up and down. “Well, ok Muskie ... ok ... but you know who my boss works for don’t ya?”

There was another prolonged pause from Muskie’s end of the phone.

“I believe he works for the President of the United States of America?”

“Cracka puhleaze ...”

“Ugghhhh ... Ok, fine. I’ll help you.”

“Yeeaaahh, that’s what I thought. That’s what I thought there Muskie. And that should scare ya plenty.”

“But I can’t go myself. I’m busy with other stuff. So I’m gonna have to send a rep for me.”

“No worries, Muskie. Just send that fine-ass white bitch of yours who does all those psychological Neuralink experiments for ya. The one with a stick up her ass who looks like she hasn’t been laid in a decade. I might be wanting to tap that.”

“She doesn’t like you.”

“Bitch puhleaze. You know she will once I tell her I gotta secret cave that can portal her ass all over the place and give her special powers and shit. She’ll be begging for me to tap that ass once she hears that shit.”

There was another prolonged groan from that end of the phone.

“Ok fine. I’ll send her.”

“Yeah, that’s right Muskie. That’s my boy.”
